

The map shows a network of grey lines representing streets. Several segments are highlighted in blue, forming a path that starts from the top left, goes down to a junction, then right, then down again, and finally right towards the bottom right. There are also blue segments on other streets, such as one running diagonally from the top right towards the center, and another running diagonally from the center towards the bottom right. Three orange rounded rectangular labels with black numbers are placed on the map: '1' is on a blue segment on the left; '3' is on a blue segment on the right; and '1B' is on a grey segment in the top right. The text 'Färgaren 10' is centered in the middle of the map, with '10' in a smaller font above 'Färgaren'.

Färgaren 10
